FOR IMMEDIATE RELEASE

NEW WALKER TEXTURES NUANCE CUSTOM PROGRAM

Montreal, March 16, 2009 – Walker Glass Co. Ltd. is expanding its **Walker Textures™ Nuance** line of patterned acid-etched glass and mirror by offering custom designs. Patterns will be available on etched or unetched glass increasing immensely the design possibilities. With the continuous research and development on our acid etch process we are able to achieve a high quality registration and an unmatched level of detail. Therefore, virtually any pattern required by the marketplace can be made.

This custom program is available on any North American substrate in a wide range of glass thicknesses varying from 3mm to 19mm and 3mm to 6mm on mirror in sizes up to 96"x130". With this expansion, the **Walker Textures Nuance** program offers multiple new options for architects, designers, and our fabricators. Visit our website at <http://www.walkerglass.com>.
